PROGRAM FACULTY

Stephen Harrison, MD, FACP, FAASLD, COL (ret.) USA, MC

Visiting Professor of Hepatology
Radcliffe Department of Medicine
University of Oxford
Oxford, United Kingdom
Chairman, Pinnacle Clinical Research
San Antonio, Texas

Brent Tetri, MD

Professor of Internal Medicine
Division of Gastroenterology and Hepatology
Saint Louis University
Associate Chair for Clinical Trials
Division of Gastroenterology and Hepatology
SSM-SLUCare
St Louis, Missouri

PROGRAM OVERVIEW

The Phoenix Society of Gastroenterology cordially invites you to attend an CME/ABIM MOC–certified presentation titled, “**A Metabolic Approach to NASH Management.**” This activity will provide gastroenterologists and hepatologists who treat and manage patients with nonalcoholic steatohepatitis (NASH) with the latest information on how to develop personalized multidisciplinary treatment plans to optimize the care of patients with NASH, as well as a discussion of emerging metabolic therapies for NASH treatment. The program will be presented for free, at no cost to the institution or the learners.

LEARNING OBJECTIVES

- Describe the metabolic nature of NASH pathophysiology
- Explain the relationship between NASH, obesity, and diabetes
- Determine appropriate strategies for early intervention and treatment in patients with NASH
- Evaluate emerging metabolic therapies for the management of patients with NASH

ACCREDITATION STATEMENT: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the Potomac Center for Medical Education and Rockpointe. The Potomac Center for Medical Education is accredited by the ACCME to provide continuing medical education for physicians.

PHYSICIAN CREDIT DESIGNATION STATEMENT: The Potomac Center for Medical Education designates this live activity for a maximum of 1.0 *AMA PRA Category 1 Credit*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ABIM MOC RECOGNITION STATEMENT: Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 1.0 Medical Knowledge MOC point in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

FEE AND RECEIVING CME CREDIT/MOC POINTS: There is no fee for this activity. To receive credit, participants must register, view the live CME/MOC activity in its entirety, and then complete the post-test, with a score of 70% or better, and evaluation. The estimated time for completion of this activity is 1 hour. To receive a certificate, participants must demonstrate mastery of the presented material via the post-test. Participant is allowed to take the posttest multiple times.

Disclosures will be made known to participants before the activity.

Jointly provided by the Potomac Center for Medical Education and Rockpointe, and supported by an educational grant from Novo Nordisk.
